个人简介

I am a software developer studying in USYD, currently looking for a related job in Australia. I am very experienced with both backend(Springboot) and frontend(React.js) development and can individually develop webapps as well as mobile apps. If you are looking for a software engineer, I can be your best option!

教育经历

University of Sydney
Master of Information Technology& Information Technology
Management, Information Technology · (2021 年 3 月 - 2023 年 11 月)
